

CALDWELL TEA PARTY

Get involved. Make a difference.

We are not a political party. We are not a third-party. We're an attitude.

This month's Meetings:

October 13, 21, 28 at 7pm,
all meetings downstairs at Caldwell County Library

Community Calendar Info:

10/13 Wed. MEET and GREET

10/21 Thu. MEET and GREET

10/28 Thu. MEET and GREET

For these last 3 meetings, we will re-host all candidates that would like to come back to visit the Caldwell TEA Party. All candidates from all parties are invited. All voters from all parties are invited to attend. Candidates will not be given the full 20+ minutes to introduce themselves and take questions like they did on their first visit, but we will allow as much time as possible for all candidates who want to participate each night.

Please come meet your candidates. Get involved. Don't be shy. This is your future.

We have published a **VOTER GUIDE** on our website:

http://caldwellTEAparty.org/voter_guide

We are not a political party, just a civic group. We represent several parties. Come get to know us. There is so much information to share before the election.

Our mission:

To educate the public about issues that challenge liberty, freedom and pursuit of happiness that affects all Americans today, as well as our children tomorrow.

We are not a political party. We are not a third-party.

We support rational concepts of:

States' Rights
Responsible spending
Less spending
NO bailouts!
Free markets
Term limits
Smaller government
A Constitutionally limited government
Less government involvement in our individual lives
Individual choice and responsibility
Secure borders
Strong national security
Energy independence
Conservative values
Transparency, accountability and integrity in government
and... American Exceptionalism!

We need you!

If you can agree with 80% of these rational, American ideas, come get to know us. We are all engaged in preserving America and stopping the Progressive agenda.

This month's meetings:

**October 6, 13, 21, 28 at 7pm ,
at the Caldwell County Library**
